May/June 2025

Director's Note:

"June is the time for being in the world in new ways, for throwing off the cold and dark spots of life."

- Joan D. Chittister

Our new acrylic painting class, Acrylics with Athena, started strong and remains strong. Athena is a wonderful teacher! See picture on the right of this page of students' work.

The 2025 Texas Hold'em Poker Championship was held on April 4th with Pat Turpin coming in first, Robert Rondeau and Chris Sturgis coming in second and third, respectively. Congratulations winners!

We have decided to try a "Help Wanted" board for members needing a little help here and there, whether it is needing a ride, mowing the lawn, changing a light bulb, etc. Members needing help will fill out a card and post it to the board. As you pass by the board, take a look and you may be able to offer your assistance.

We have listed two trips offered by Go Tours in this newsletter. To Kill a Mockingbird in May and The Sound of Music in August. You can find more trips offered by Go Tours on their website at travelgotours.com.

Our movie presentations will be **Reagan**, **Adeline**, **The Grey Fox** and **The Old Oak**. Join other members during the movie with fresh popcorn and a drink.

New members are joining every day. If you see a new face, introduce yourself, say hello and welcome them to the Center!

Hope to see you soon!

Time: 9:00 – 10:00 a.m.

Cost: \$12.00 per month

Many yoga students have the balance, strength and desire to perform standing yoga poses (asana), but would prefer not to come fully to the mat during their practice. This class will provide students with modifications in practice which will allow them to come into all standing yoga poses (asana) standing on a yoga mat. The practice incorporates 2 chairs (one on each side of the yoga mat) allowing students to find all seated poses using a chair (rather than coming fully to the mat). This hybrid class will provide the support and stability of the chair throughout asana (pose) practice, while allowing the student the freedom to strengthen and find balance with the support of a chair within reach.

He was a man of few words, but when he did say something, it was enlightening... “what you love to do as a child you will always love to do.” Those words encouraged me to start painting again after taking a break for a few years.

I am a local artist and teach at the Smithfield Gallery on Main St. I believe anyone can “create” and learn new things. I look forward to sharing what I love with others at the Beazley Senior Center! If you have never picked up a paintbrush or want to improve your skills this is the class for you. No experience necessary! Step by step, we will create something beautiful!

The final collaboration between Rodgers & Hammerstein was destined to become the world's most beloved musical. Featuring a trove of cherished songs, including "Climb Ev'ry Mountain," "My Favorite Things," "Do-Re-Mi," "Sixteen Going on Seventeen" and the title number, ***The Sound of Music*** won the hearts of audiences worldwide, earning five Tony Awards and five Oscars. The inspirational story, based on the memoir of Maria Augusta Trapp, follows an ebullient postulate who serves as governess to the seven children of the imperious Captain von Trapp, bringing music and joy to the household. But as the forces of Nazism take hold of Austria, Maria and the entire von Trapp family must make a moral decision.

Tour includes roundtrip transportation on a 56-passenger motorcoach to Riverside Dinner Theater, reserved seating for "The Sound of Music," and dinner at the theater before the show. Time permitting we'll make a stop at Fredericksburg's Battlefield Country Store before lunch.

Intentional Creativity® and Cosmic Smash Booking

Dates: Mondays, May 5th, 19th & June 9th, 23rd
Time: 9:30 a.m. – 12:00 p.m.
Cost: Free

Intentional Creativity® is an approach to creating that yields access to who we are now and who we are becoming and what is possible for us and our unfolding future. Using our imagination, meditation, writing and painting, we weave inquiry, image and word with intention.

Everything within us, past, present and future, lives in story. When we create around our story, we gain clarity. When we create with intention, we activate both sides of the brain. When we activate our brain, we gain greater access to our own information, how to articulate it and how to move it from the “stuck” places. Intentional Creativity® can be used to heal and transform our thoughts. It can transform old stories into tools for empowerment and grants access to a new way of working with daily stress.

Cosmic Smash

Booking is a mash-up of art journaling and Intentional Creativity® developed by Catt Geller. Using this method of creating, hidden stories start to come unraveled and revealed. The stories become tools for transformation, and it is then the potential for learning and healing emerges.

Instructor: Taunya Tae Taylor, Certified

New registrants need to take a one-time introduction class called “Introduction to Intentional Creativity.” This class will be offered once per month for newcomers.

Hand and Foot Card Game

2nd and 4th Friday of every month
1st and 3rd Thursdays of every month
10:30 a.m. - ?

Hand and Foot is a Canasta variant involving four to six decks rather than two and is played by teams of two players (usually two teams, but it also works with three or four teams). The number of decks used is typically one more than the number of players, though this can vary. Due to the larger pool of available cards, it is much easier to form canastas in Hand and Foot than in standard Canasta, which changes the strategy considerably. Some players feel this version is more enjoyable for beginners.

More energetic types of yoga are considered to be ‘yang’, while yin postures are meant to balance energetic practices with calm, deep stretches. Postures are normally held from 2 to 5 minutes. It is helpful for those who wish to increase flexibility, keep joints healthy and mobile, improve posture, balance energetic exercise, or release trauma and emotions that are stored in the body.

Restorative Yoga The practice of restorative yoga is passive (using props such as chairs, blocks, blankets, bolsters, sandbags and straps). Combining use of props and longer holds can help to bring a sense of calm and comfort, triggering the body’s healing mechanisms. Postures are normally held from 5 to 20 minutes. It is helpful for those who wish to meditate, heal, release stress, relax, create a sense of safety in the mind and body or reach a state of mindful rest.

Pickleball is a paddle sport played with a whiffle ball on a badminton-sized court and a tennis-style net. These unique rules favor players with less mobility and allow senior players to compete successfully with younger competitors.

The game is enjoyed by people of all ages and athletic abilities thanks to its ease of play and straightforward rules. Pickleball has exploded in popularity. Thousands of pickleball courts have been built in recent years, especially in senior communities.
