Time: 9:30 a.m. – 12:00 p.m.

Cost: Free

**Intentional Creativity®** is an approach to creating that yields access to who we are now and who we are becoming and what is possible for us and our unfolding future. Using our imagination, meditation, writing and painting, we weave inquiry, image and word with intention.

Everything within us, past, present and future, lives in story. When we create around our story, we gain clarity. When we create with intention, we activate both sides of the brain. When we activate our brain, we gain greater access to our own information, how to articulate it and how to move it from the “stuck” places. Intentional Creativity® can be used to heal and transform our thoughts. It can transform old stories into tools for empowerment and grants access to a new way of working with daily stress.

**Cosmic Smash Booking** is a mash-up of art journaling and Intentional Creativity® developed by Catt Geller. Using this method of creating, hidden stories start to come unraveled and revealed. The stories become tools for transformation, and it is then the potential for learning and healing emerges.

Instructor: Taunya Tae Taylor, Certified

***New registrants need to take a one-time introduction class called “Introduction to Intentional Creativity.” This class will be offered once per month for newcomers.***

I am a local artist and teach at the Smithfield Gallery on Main St. I believe anyone can "create" and learn new things. I look forward to sharing what I love with others at the Beazley Senior Center!
